She received a long and ugly gash over the left eye and an injury on the back of the head. While very painful, her injuries are not believed to be serious. She with two other girls was walking near the track, when she was struck. She had a very narrow escape from very serious injury.

George F. Randall was a business visitor here Monday from Shinnston.

Red Cross Society stamps were placed on sale in many of the leading stores of the city Monday morning by local representatives of the society and the sale will continue up to the new year.

The work of the Red Cross Society is so well and favorably known that mention need not be made here in detail. It is a work along humanitarian lines and especially in behalf of the poor and suffering humanity. The proceeds of the stamp sale is to be devoted to fighting tuberculosis.

Red Cross stamps are especially appropriate at this cheer-giving season of the year and it is hoped that the sale this year may eclipse in magnitude the splendid ones here in previous years. When sending holiday missives, messages of love and good cheer, do not overlook the Red Cross stamp as the money derived from their sale will go to save lives and make the needy and sick happy, too.

## GOFF TO QUIT AND SON TO BE A JUDGE

Is the Story Put on the Wires in the City of Milwaukee.

TO RUN FOR SENATE

And Manage the Taft Campaign in State of West Virginia.

MILWAUKEE, Wis., Nov. 27.—That the position of United States district judge for eastern Wisconsin for United States Attorney Guy D. Goff, may be the reward for the entry of United States Judge Nathan Goff, of West Virginia, into active politics in his state is the latest report in connection with the judgeship fight here. It was reported today that F. Geiger, a Democrat, had been selected, but this is doubted in view of a visit of Judge Nathan Goff, father of the Milwaukee man, to the White House last week, when it is understood that the judgeship for his son would be the reward of Taft for the elder Goff's resignation and becoming a candidate for the senate in West Virginia, and also manager of Taft's West Virginia political interests.

## "NOODLES," FAMOUS NEWSY, AT VICTORIA THREE NIGHTS

As a Guest of the Daily Telegram to Aid in Membership Campaign

OF BOARD OF TRADE

Some Fine Entertainments Are to Be Given by the King of Newsboys.

"Noodles" Fagan, the world's famous newsboy, is in Clarksburg. He is here for three days as guest of the Telegram and its newsboys. He will appear each night at the Victoria theater.

Politeness, honesty and hustle are the three prime requisites of the successful newsboy. So says "Noodles" Fagan. To this advice he adds the injunctions, "Don't miss one school session, don't chew, keep your hands clean, keep your character clean."

If he follows that advice he won't go wrong. "Noodles" says the right time to make a man is when he is a boy, and that is right.

Every boy has a profound respect for "Noodles," who rose from the Bowery of New York to a successful young man. "Noodles'" songs are as charming as himself.

What "Noodles" Has Done.

Who "Noodles" is and what he has done would fill a bulky volume. Here are just a few of his achievements:

He raised \$30,000 last year to combat the spread of tuberculosis.

He has addressed all the big high schools, colleges and chambers of commerce of this country.

He has met the royalty of Europe, including King Alfonso of Spain, and the late King Edward of England.

He was granted a conference January 12 with President Taft at the White House. After the introduction the President said:

"Mr. Fagan, I am glad to know you. Your work for the poor children will not soon be effaced. I want to thank you for your great work."

All of this work "Noodles" has done absolutely without pay.

For the special entertainment of the newsboys of the city and the rest of the interested public, the Telegram has arranged to have "Noodles" give a free entertainment Wednesday afternoon at 4:15 o'clock in the Victoria theater on the subject, "Travels of the World."

The lecture will be illustrated by moving pictures and "Noodles" will give in his characteristic manner some of his experiences while in foreign parts.

Visits Many Countries.

Some of the countries "Noodles" visited are Japan, Italy, India, Canada, England, Nova Scotia, South America, Yucatan, Mexico, Ireland, Scotland, Germany, Wales, Holland, Belgium, France, Spain, China, Jamaica, Martinique, Porto Rico, Cuba and the Philippines.

Next Wednesday night at 7:30 every newsboy in town will be taken to the Victoria theater as guests of the Telegram. Tickets may be procured of the Telegram after Tuesday noon, where a newsboy carnival will be held Wednesday evening.

As a lecturer he has appeared on the platform of leading churches and frequently being called upon to deliver his lecture to school children.

He has spoken in all the churches in the principal cities of the country. He carries letters from Martin Brumbaugh, of Philadelphia, Dr. Maxwell, of New York, Judge Lind and leading instructors of America.

"Noodles" lectures and talks to children because of the fact that a few years ago he was a newsboy. He knows the hardships and temptations of boy toilers and is trying to do something to help and encourage them.

His impersonations are of the kind that made him the most talked of newsboy in the world. One minute he has you laughing, the next you weep with the story of "The Boy's Best Friend."

"Noodles" is no longer a boy, but has grown into a young man of pleasing personalities. He is a good conversationalist, and correct in his

## BOOSTER MATINEE AT THE VICTORIA

## VICTIM

Of Street Car Accident Dies in a Local Hospital Monday.

Patrick Hartnett, 42 years old, a glass blower, of 585 Prebble avenue, Pittsburg, Pa., died at 10 o'clock Monday morning in a local hospital from injuries received Saturday night, when struck by a Broad Oaks car making its last trip from the fair grounds to the city.

## METALLIC

Tie and Rail Fasteners to Be Exhibited at Fairmont by Local Inventors.

At the meeting of the West Virginia Coal Mining Institute next week at Fairmont, John O. Brooks, G. J. Alstetter and Frank E. Parsons, all of this city, will have built and placed on exhibition a section of coal car track showing metallic tie and rail fasteners invented and patented by them.

Although there are two or three such patented devices on the market, this one is declared to be superior because the wedge that locks the rails to the ties is placed on the outside of the rail and also because there is a flange on the outside, which prevents the rails from spreading outward, thus preventing accidents from that cause. Metallic ties are used in place of wooden ones. Models of the fasteners are on exhibition in the local office of the Consolidation Coal Company.

It is the intention of the inventors and patentees to manufacture the device and place in on the market in the near future.

Thorn F. Koblegard, of Weston, was here Sunday and Monday.

For the Board of Trade with Fagan As the Chief Entertainer.

The stranger dropping into Clarksburg the last few days quickly realizes there is something doing.

It did not taken Fagan, the newsboys' friend, long to feel it, when he landed in the town to help entertain the public this week at the Victoria theater.

His first call Monday morning was at the board of trade rooms, and his first words were an offer of his services in behalf of the new move to Clarksburg.

Fagan is as full of ideas in town boosting as his heart is of fondness for the newsboy.

For his share in the do it for Clarksburg idea, Fagan is going to give his talk on "Turn on the Steam" at a special matinee arranged by the board of trade for tomorrow afternoon at 4:30 o'clock, in the Victoria theater. Incidentally, he is going to sing a new song, dedicated to Clarksburg and the board of trade boosters.

Mr. Duffy has donated the use of his theater for this special occasion. He said the board of trade could have it all day if it were needed.

All the team workers of last week, all the old and new members of the board of trade, and everybody else who believes in Clarksburg and wants to help things along are invited to attend tomorrow's booster matinee. No one is charging for his services in this affair, and of course no admission will be charged.

The ladies, who have already proved their eagerness to do their part, are invited to attend.

It will be an hour of alternating serious thought and airy fun and charming music.
